

SYC 2018 - NOTICE 3

OVERALL WINNER CRITERIA

To determine the overall winner of the Superyacht Cup Palma 2018 following scoring method will be used

1. Points will be calculated according to the following formula

$$PTS = \frac{Np - 3}{(Ny * 3) - 3}$$

Where:

Np = Final number of points scored in class results

Ny = Number of yachts in the class

2. The winner is the boat with the lowest PTS. In case of tie, this will be broken in favour of the boat entered in the class with more entries
3. Corinthian Division (Class D) is not eligible for the Overall winner Trophy.
